### 3. How would you rate the effectiveness of the following sessions?

5 Very effective — 1 Not effective

*Please let us know which speakers you found helpful, which less so, and any additional subjects we should have covered*

#### LECTURES:

AVERAGE

4.7

- “ I liked Mikes over view. Collette was informative and her relaxed approach helped to dispel my natural distance from statistics and data interpretation
- “ Collette presentation on Developing a Research Proposal was great and invaluable.
- “ Workshops 1, 2 ,4 & 5 were very effective
- “ All good and the variation in style keeps it vibrant.
- “ I found workshop 3 & 5 most helpful, and lectures ‘presenting with impact’ & ‘things I wish I’d known’ best
- “ All speakers helpful and provided good overview/snapshot into respective topics. Really enjoy informal teaching styles, keeps things interesting & engaging.
- “ Mike Youle ‘presenting with impact’ & Collette ‘Developing a research proposal’
- “ Workshop 1 Developing a Research Proposal & Creating A Poster. All 4 speakers were helpful.
- “ Very relevant topics covered
- “ Would have preferred more of a lecture approach with tips on how to do a research proposal (rather than working individually or in groups). Really enjoyed the introduction to research that helped reinforced current practice in job
- “ All speakers excellent. All had a knowledge of their subject.
- “ All sessions were helpful.

## WORKSHOPS:

- “ Very interactive, great questions from the floor, very receptive to audience needs. Good examples poster/abstract preparation, research proposals
- “ Fantastic to be able to group work and see others in practice
- “ Mike Youle, Tristan Barber particularly found useful and interesting
- “ All good in different ways. Interactive bit is essential but could be structured.
- “ Great, no too lengthy
- “ A bigger session on research proposal development.
- “ All good x 2

AVERAGE

4.8

## CASE PRESENTATIONS:

- “ I found the case discussion to be very interesting/interactive
- “ excellent

AVERAGE

## 4. How will this meeting help you in your day-to-day work? (comments only)

- “ Knowing what factors are important when conducting a trial.
- “ This will help me in local presentations. It will help me to prepare a paper .
- “ Intend to undertake audit and write/present. Fantastic!
- “ More confidence
- “ I know more than I thought I did.
- “ It would help us in finding research ideas.
- “ Work in research, very relevant.
- “ Yes! Help me to appraise papers, pitch out what makes one useful.
- “ Currently writing up a study proposal & what I have learnt today will assist me. Thank you!
- “ Invaluable information for my daily practice. I wish I knew about this course when I started working in clinical research
- “ Consider setting up more studies
- “ I work with real world data generation & data presentation. So this was extremely useful
- “ To focus potential research ideas & present them to MDT.
- “ Understanding the team resources needed to fully produce a research project.
- “ To plan out own research. To work on the analysis and completing on the study already done.
- “ Gave my team some education and processes around how to approach preparing ideas.
