5 Well exceeded expectations — 1 Did not meet expectations

AVERAGE

4.5

3. How would you rate the effectiveness of the following sessions?

5 Very effective — 1 Not effective

Please let us know which speakers you found helpful, which less so, and any additional subjects we should have covered

LECTURES:

AVERAGE

4.5

- “ I think Dr. Fiona’s speech was very educational and helpful. Dr Mike and Dr Laura speeches were good too.
- “ All the speakers were very charming and helpful.
- “ Mike is the most helpful basically and showed more pictures.
- “ Mike Youle, Laura Waters, Deniz Gokengin, Keith x 2
- “ Mike was most helpful
- “ All the speakers are good in their own areas x 2
- “ Laura, Mike
- “ Keith helped me understand better how my future patients’ psychology may be affected and how I shall also deal with them from a physiological point of view. All the team was super educated and fun! PS Mike you are one of my favourites after Laura!
- “ All speakers were great & helpful x 8
- “ Especially History of HIV and the Epidemic session by Mike Youle and Testing & Treating by Laura Waters were very insightful because, even though I have been to several sexual and reproductive health trainings. I have learned some very interesting facts and very eager to share in peer trainings. I found the Fiona Burns lecture on Hepatitis and TB difficult.
- “ I found Deniz Gokengin presentation great and the patient really effective.
- “ The overall meeting was great; the pace overall was great although I would like to have shorter sessions.
- “ I especially loved the “patients’ interactions” session since it presented a real-life portrait and made me realise the struggles he had been through. Also, I loved that every lecturer kept the subjects interesting, so I never got bored or distracted. It was all very clear to grasp the basics regarding our agenda. Also, I loved how we played with bananas as it was a nice ice breaker for all of us while encouraging us to talk about sexuality etc.
- “ I found Laura most helpful
- “ Laura Water & Deniz Gokengin. It would be nice to have had more than one patient to have multiple scenarios.
- “ Talking with the patients was beneficial for our future experiences.
- “ In order Mike, Laura, Deniz, Fiona
- “ All the speakers were great. Especially the cast studies that were so informative.
- “ As a Turkish Medical Student, we really have less knowledge about sexual health and sexuality. Due to that I can really say that Dr Laura Waters presentation was helpful for us. The whole programme was awesome, thanks!

- “ All the speaker fulfilled my expectations about this conference. Everyone was well prepared and had great skills in speech which caught my attention. I think it already be a bit more effective decisions may be divided into 2 days.
- “ Dr Mike Youle simply amazing. he is enhanced my knowledge of HIV. Dr Laura and Dr Deniz sessions were also informative and helpful.
- “ It was pleasant to listen to Laura Waters! I think this speech, case studies, was the best part of the conference. All speakers satisfied me am so happy I got a chance to listen to the all.
- “ I found the patient story really helpful and the cases and questions because they were more interactive.
- “ Mike any patient with most helpful part of the meeting for me. I learned how a patient thinks and how the illness affected him.
- “ All speakers were great. The patient interaction part was the most beneficial because he gave me

WORKSHOPS:

- “ Really fun and useful.
 - “ I now have a broader vision of std's in HIV and beware of the importance of diagnosis.
- a view of HIV from his perspective. I love Laura Waters; she has an amazing teaching ability.
 - “ All speakers were great informative and will prepared. I would like to have more information on TB, HBV explained in terms of progression in signs of the disease just like HIV. I loved everything especially the patient interaction.
 - “ I really enjoyed the patients experience. Doctor Laura's covered a wide variety of presentations, very informative.
 - “ I have to say that Mike & Laura with the parts I enjoyed most. I would like to say that Deniz was useful in finding out about HIV tuberculosis and aids epidemic in Turkey. I really like Laura's personality.
 - “ I would like more talks about stigma an effect on treatment and continuation of treatment.
 - “ All of the speakers were awesome; however, Mike was my favourite. He seems well educated and friendly.

AVERAGE

4.0

- “ It was a fun competition.
- “ The workshops were fun overall.
- “ Condom workshop was excellent

CASE PRESENTATIONS:

- “ Doctor Laura’s presentation had realistic approach 4 case solving. She gave us the important details and delivered the idea properly
- “ Laura all the work really. It was really quite enjoyable with her great understanding of humour. The way she presented was very informative.
- “ This was the best part of the meeting.
- “ it was nice and helpful.
- “ Everything was great. But since I’m a year one student I difficulties with catching up with the clues and test.
- “ I like that I speaker had a real-life example. It actually summarised some of the things we learned earlier, so I think they help me to learn better.
- “ Doctor waters encouraged us to diagnose the cases. I found it helpful.
- “ Love them, very useful and interesting.
- “ Laura was very helpful
- “ all of speakers were helpful and I would like to have more information to been able to guess the case presentations. Laura was great at it.
- “ Laura Waters was very captivating and fun to listen to.
- “ I love the case presentations. I will love it if it was even longer was so helpful interesting.
- “ Very interesting even though I’m a second year student.
- “ I really like this session.
- “ Cases were picked efficiently and carefully. They were perfect examples.
- “ Bing exposed to various case presentations, it was a fun opportunity to sum up we have learned in previous workshops.

4.6

4. How will this meeting help you in your day-to-day work? (comments only)

- “ The info I got in the sessions definitely will affect my approach to patients HIV. Also this meeting I'm inspired specialise infectious diseases in HIV.
- “ HIV & Hepatitis must be assessed for every related case. It is important to gain awareness and teach other future colleagues as well.
- “ As someone who advocates these topics knowing the background and scientific analysis will help me to advocate better.
- “ It will be helpful when I graduate in 2023.
- “ I would like to work on CSE in Turkey. Moreover, I'll be a doctor who respects her patients.
- “ Remind me of the importance of taking a HIV test.
- “ I think this conference made me gain a vision. In addition to important spotlights about HIV, hepatitis and TB seeing cases was helpful to get to the point.
- “ In boost my confidence in using English in relation to medical terms, it definitely added to my awareness about STIs.
- “ More open.
- “ I will have a broader idea of STIs and HIV and the importance of diagnosis.
- “ I'm a 5th year student. I've already met people with HIV. After today I'll have more experiences and tips for communication. I'll be so much more ready for my final year.
- “ I acquired general knowledge about many topics related to HIV in some other STIs and the situation in my country. I'll use this knowledge to diagnose and treat my patients better in developing an appropriate attitude towards them.
- “ I thought I was quite knowledgeable on HIV, but it covered many areas I did not know.
- “ I have gained experience.
- “ As future medical workers we have a responsibility to raise awareness and think of HIV when it comes to diagnosing a patient and this meeting help me with that.
- “ I think they not only should students, but every person should have access to this information.
- “ I'll be more aware of HIV symptoms when examining a patient.
- “ I'll be more comfortable talking with my patients around sexual history. It also helped me to see HIV in a wider perspective.
- “ this meeting told me a lot about HIV; I think this knowledge will help me in my faculty exams and when I become a doctor.
- “ I imagine easier how patient thinks about their illness. I think every more helpful to people with HIV and AIDS.
- “ I'll be more cautious and more aware for symptoms as I have a better idea about what to expect with patients in my day today work.
- “ I will always have HIV in my mind when the symptoms are accurate.
- “ to understand the patient easier.
- “ As a medical student I've learnt much about HIV and other conditions. Now I know what to do when I'm face with a patient who has these symptoms.
- “ I'm sure my work will benefit.
- “ this meeting will help me to be educator in 16 transmitted diseases. It will help me to develop more my critical thinking to different infectious diseases stop.
- “ I am working with Y-Peer Turkey Of UNFPA, next month I'm going to do a training as a peer trainer. I believe I am much more well equipped after this conference.
- “ Data was useful I'm going to use to raise awareness.
- “ I am more knowledgeable.
- “ it will help me with my communication full stop our handle situations that include HIV better.
- “ As a prospective psychiatry candidate communication is a huge part. Improving my interaction skills and knowledge towards sexual disease diagnose people I will be able to treat them properly.
- “ It is interactive. I will learn and enjoy.
- “ Learn the importance of background and how symptoms may be an indication of HIV.
- “ I'll be more sensitive to HIV patients. I will diagnose my patient with more compassion.

5. What is your overall assessment of the meeting?

5 Very effective/Excellent — 1 Not effective/Poor

AVERAGE

4.6

- “ I think the meeting was beneficial for us medical students these topics are not covered in most of our medical curriculum with such important and with positive environment like this, I'm happy that I have attended.
- “ Very good.
- “ I would like to see more interactive sessions.
- “ It was great overall.
- “ I like you very much altogether.
- “ It was stunning and very well prepared the only improvement I recommend be having an open panel discussion on HIV in Turkey with more doctors from here.
- “ I am totally satisfied, the topics were presented in an easy to understand way.
- “ I found efficient.
- “ All students should attend these meetings.
- “ I love your attitude your honesty and your willingness to share your experiences.
- “ It was really helpful by showing us another experience from another country widening our point of view.
- “ Amazing
- “ The meeting be in English was definitely a bonus.
- “ I would like to have more practical.
- “ very insightful and very lovely people.
- “ Planning was good and the places arrange nicely. The program schedule was arranged with the thought of progress ineffectiveness.
- “ I'm happy to participate this meeting; I learn so many things, thank you!
- “ I learned the importance of detecting high risk groups & early diagnosis. If I meet a person showing symptoms, I learn today how to think and what to do.
- “ The meeting was so helpful for my professional life.

6. Please give suggestions for how future meetings might meet your training needs (comments only)

- “ This meeting was informing entertaining at the same time.
- “ Maybe some Energizer like workshops involving physical activity for participant. And some time spared to talk about things we know but are wrong.
- “ Come back next year as this meeting has very many benefits, thank you.
- “ More interactive with different aspects of sexuality do understand further situations about HIV& STIs.
- “ I would like to have these sessions split within 2 days.
- “ Oral symptoms and involvement of dentistry could be covered for future meetings.
- “ Today everything was covered.
- “ More case studies and patients.
- “ No need for any changes!
- “ Please spend more time on “how to be a patient”. I believe this is lacking power in Turkish medical curriculum.
- “ Practical approaches, expectations from participants
- “ Perfect!
- “ A lecture with clinical psychologists would be great.
- “ More interactive...loved the Sex Is Messy session.
- “ Everything was amazing!
